

Advanced Windchill Prediction 10.2

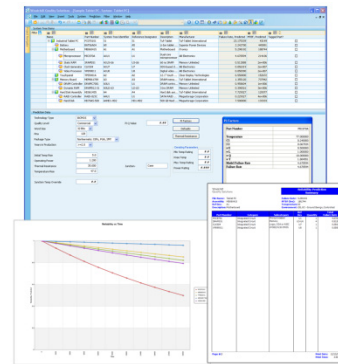

Overview

Course Code TRN-4310-T

Course Length 3 Days

In this course, you will learn about reliability prediction analysis techniques and how to use PTC Windchill Prediction 10.2 effectively. You will gain a solid background in theory with hands-on practice applying PTC Windchill Prediction 10.2 to real-world examples in the software.

PTC® Windchill® Quality Solutions™

Prerequisites

- Basic skills and understanding of the use of software programs in a Windows® environment.

Audience

This course is intended for any user of PTC Windchill Prediction 10.2 who wants to learn the underlying theory and application of reliability prediction analysis and learn how to use PTC Windchill Prediction 10.2 efficiently for such analyses.

Topics

- Introductory information about reliability prediction analysis
 - Introductory information about PTC Windchill Quality Solutions 10.2
 - Fundamental features of PTC Windchill Prediction 10.2, including those for data entry, data analysis, and data output, plus additional features
 - Advanced topics of PTC Windchill Prediction 10.2
-

Agenda

Day 1

Module 1	Welcome and Overview
Module 2	Reliability Prediction Overview
Module 3	Steps for Performing Reliability Prediction Analysis
Module 4	Reliability Prediction Analysis FAQs
Module 5	Other Considerations for Reliability Prediction Analysis

Day 2

Module 6	Introduction to PTC Windchill Quality Solutions 10.2
Module 7	PTC Windchill Prediction 10.2 Introduction
Module 8	PTC Windchill Prediction 10.2 Data Entry Fundamentals
Module 9	PTC Windchill Prediction 10.2 Data Analysis Fundamentals
Module 10	PTC Windchill Prediction 10.2 Data Output Fundamentals
Module 11	Introduction to PTC Windchill Prediction 10.2 Practical Exercise
Module 12	PTC Windchill Prediction 10.2 Additional Features

Day 3

Module 13	PTC Windchill Prediction 10.2 Interface Customization
Module 14	PTC Windchill Prediction 10.2 Data Entry Advanced Topics
Module 15	PTC Windchill Prediction 10.2 Data Analysis Advanced Topics
Module 16	PTC Windchill Prediction 10.2 Advanced Topics Practical Exercise 1
Module 17	PTC Windchill Prediction 10.2 Data Output Advanced Topics
Module 18	PTC Windchill Prediction 10.2 Data Linking with Other PTC Windchill Quality Solutions 10.2 Modules
Module 19	PTC Windchill Prediction 10.2 Miscellaneous Advanced Topics
Module 20	PTC Windchill Prediction 10.2 Advanced Topics Practical Exercise 2
Module 21	Conclusion
